Venue

VUE

612 North 2nd Second Street

St. Louis, MO 63102

Event Description

Laclede's Landing Community Improvement District and Great Rivers Greenway are hosting an Open House for the public on June 13 to showcase all The Landing has to offer. Laclede's Landing, downtown St. Louis' oldest district and only riverfront entertainment/dining destination, has attracted nearly \$20 million in new development in recent months, transforming The Landing into a must-visit destination. In the wake of that investment, the Landing is welcoming its first-ever multifamily residential development, dramatically transformed office spaces to suit today's businesses, and more than half-a-dozen new restaurants and special event venues. The Open House will provide a wonderful, one-stop opportunity for guests to get an update on all the new venues, while also getting reacquainted with some of the popular establishments that have called The Landing home for years.

From VUE's spectacular setting overlooking the newly renovated Gateway Arch grounds and the Mississippi River, guests at the Open House will be able to get a bird's eye view of the enhanced connectivity between The Landing and the Arch grounds, while exploring all the great options Laclede's Landing offers to extend a visit to the Arch into a day full of fun and food.

Confirmed participants as of June 5, include: 612North Event Space and Catering (VUE, Kimchi Guys, Miss Java & KOR), The Peper Lofts, The Witte Building, Great Rivers Greenway/Burg Garden, Lumberjack Saloon (Axe Throwing Bar and Grill), Mas Tequila Cantina, Morgan Street Brewery, Last Call on the Landing and The Old Spaghetti Factory.

Door prizes and food will be provided at the event. Parking is available for a nominal fee in any of the nearby surface lots or the Riverfront Parking Garage.
